## Sept. 8 Official Opening Date For Schools Here

A preschool conference for local teachers will start here on August 15, and three weeks later, bells will toll pupils back to school. The official opening date for registration in September 8, says Frank O. Hobson, principal, who expects a record enrollment this year of more than a thousand pupils.

Mr. Hobson stresses that all children entering first grade for the first time must present a birth certificate at the time of registration. All first graders must be six years of age on or before January 1, 1953.

For high school students, the magnificent new building will be ready for occupancy. Lighting fixtures are yet to be installed, the floor is being laid, but good progress is being made. "We hope to start moving in within the next two or three weeks," Mr. Hobson said.

Work on the new gymnasium is well advanced, but the building should be ready shortly. Landscaping of the grounds surrounding the new high school and gym has already started.

With the record enrollment expected, not only the new high school buildings will be pressed into service, but all existing school buildings will be needed to house the increasing number of pupils.

Announcement of teacher appointments will come in next week's Herald. The faculty is now almost complete, with the exception of a fourth-grade teacher.

Mr. Hobson asked the cooperation of the community in securing housing for the teachers, which he says "looks as though it will be a big problem this year." He requests that those who have rooms or apartments available, if possible, please list them, either at the school, or with Mrs. George Young at the Chamber of Commerce.

## LOVE FINDS A WAY

Mrs. Betty Godwin, daughter of Mr. and Mrs. J. L. Miller of Chosen, had a very trying time with her wedding arrangements. When her groom-elect, Mr. S. G. Arnold, J. Heldt of the Crash Marine Boat Squadron at Canal Point, went to arrange for the ceremony with James R. Roy, pastor of the Methodist church, he found the paragon was being married.

When the couple rushed to West Palm Beach to get a license, the clerk had mislaid it, and found it only after an hour's searching. Finally, license in hand, the two started back to Belle Glade, where their car broke down, had to be towed back to West Palm Beach for repairs.

But finally all was well, and they were married on Monday in the home of Mr. and Mrs. A. L. Pope, Canal Point. Rev. Roy officiated at the double ring ceremony. Attendants were T-Sgt. and Mrs. D. A. Pugh.

## DOUBLE BARRELED BLOW BEFALLS SOUTH BAY MAN

D. C. Yarborough suffered a painful and peculiar accident and was hospitalized last week with both ankles and legs in a cast.

He was assisting Hardy Woodham and Eugene Hardy in doling some cattle by operating the hoist when the rope broke and he fell to a concrete platform lighting on his feet in such a manner that the bones were broken. He is now recuperating at his home, both legs in a cast.

## Burry Will Run For Commission

Milton Burry qualified this week as a City Commission candidate from Central Borough. On Monday, in preparation to fly to California on business for Kluge's South Beach, he announced that he would run against Walter Ashley in the City Commission election on September 8. Thus far, Ashley has no other opposition.

Last week our editorial eyes were crossed, and we erroneously reported Clyde Parrish as a candidate from Central Borough. A mistake. He will run on the North Borough slate, against F. Crider, who seeks re-election, and Harold Rabin, who last week announced that he was entering the fray.

## USDA Men At Experiment Station This Week

Five outstanding visitors from the U. S. Department of Agriculture's Washington headquarters and the Beltsville, Maryland research center were in Belle Glade this week. They arrived on Monday morning and left Wednesday, returning north by air.

The visitors—all of them experts in various phases of agriculture—have been conferring with different research stations in the South, in an effort to further cooperation between various branches of the USDA and the experiment stations.

They were Dr. E. G. McKibben, in charge of all engineering and construction work; Dr. D. B. Barker, head of the Division of Soil Conservation; Dr. W. H. Anderson and Choate pitched for Jones, and Williams caught the ball. Jones' punt was a spot since it was built, numerous wrecks having occurred due to faulty road construction. Thousands of dollars in property damage have been sustained. Criminal negligence is recognized in the law!

There were no other scores until the fourth inning, when the Jones team ran in four, and their opponents scored the first run. Two additional runs were scored by Glades in the fifth; but Jones tied up in the sixth, while Glades with a last burst brought home five.

In the second game, Lake Buick won by a narrow margin, making the game from the South Bay Lions by the score of 14 to 13. At the end of the game, the Buick were crowned runners-up, Glades Cleaners, to the tune of 14 to 9. Anderson and Choate pitched for Jones, and Williams caught the ball.

There were no other scores until the fourth inning, when the Jones team ran in four, and their opponents scored the first run. Two additional runs were scored by Glades in the fifth; but Jones tied up in the sixth, while Glades with a last burst brought home five.

Byron, who is on leave from the U. S. Department of Agriculture, is regularly in charge of the station.

Sgt. Marvin Barker, Pahokee, received an honorable discharge last month following four years' service with the U. S. Air Force. He is at home with his parents, Mr. and Mrs. C. M. Baker and now employed with the U. S. Sugar Corporation.

Pvt. Ulysses Blakely, son of Archie Blakely, completed his basic training at The Quartermaster Replacement Training Center, Fort Lee, Va., last month.

Pvt. Blakely was inducted into the Army August 23, 1952. Before entering service he attended Everglades Vocational High School, Belle Glade.

## Florida Foods Revamping For Full Operations

In preparation for a heavy fall season and for continuous year-round operation, Florida Foods, Inc. shut down its cannery this week for much needed repairs and a revamp of the plant.

According to plant superintendent E. G. Davis, the cannery will be ready by business just as soon as the first leafy vegetables are in; and that, barring floods or hurricanes, should be within a few weeks.

Last month the company announced its plans for year-round canning and freezing of green vegetables—beans, mustard greens, turnip greens, black-eyed peas, lima beans, collards, and okra, as well as canned tomatoes, and to insure a steady supply of leafy vegetables, contracts will be let to Glades farmers, the company president said.

Previously the cannery has run only during the fall season. It is expected that its new policy will give a big boost to the Glades.

## FOOTBALL BOYS TO SIGN UP ON AUGUST 14

Coach Calvin Peacock has returned from summer school at the University of Florida and is ready to take up his duties as new head coach and athletic director. In addition, Coach Peacock will teach junior high school mathematics.

Assistant Coach Hector Olette was expected to arrive here this week. Formerly coach of the University of Florida, he is a graduate of Murray State College, Kentucky, and took his master's degree at the University of Indiana. In addition to his duties as assistant coach here, he will be in charge of the boys' physical education.

All boys planning to come out for football should report to the field house at 4 p. m. August 14, to sign up for practice and receive equipment. Practice officially commences on August 18.

## Jones Team Still At Softball Top

In the opening game of the second softball series, on Tuesday, the Jones team, coached by D. B. Barker, head of the Division of Soil Conservation, defeated the Glades Cleaners, to the tune of 14 to 9.

Anderson and Choate pitched for Jones, and Williams caught the ball. Jones' punt was a spot since it was built, numerous wrecks having occurred due to faulty road construction. Thousands of dollars in property damage have been sustained. Criminal negligence is recognized in the law!

## Signs of Progress !!!

This is a picture of a sign along the road being built from the South Bay-Belle Glade stretch of Road No. 80, northward through Chosen, and is very timely and important.

THE BELLE GLADES IS ENTITLED TO SUCH PUBLICITY ON SUCH PROJECTS.

There has been a picture of the approach to the Lake Harbor Bridge, where two persons lost their lives, due to a one way bridge, replacement for which money has been budgeted some 18 or 19 months.

The sign "One Bridge Lane" is a close up of the sign to which you see thru the windshield when approaching in a car. The two arrows indicate the CLEAR vision of the sign to the approaching motorists in daytime. There's no blinkers or other indication of motorists in daytime.

WE BELIEVE FULLER IS ENTITLED TO SUCH PUBLICITY ON SUCH PROJECTS.

There has been a picture of the approach to the Lake Harbor Bridge, where two persons lost their lives, due to a one way bridge, replacement for which money has been budgeted some 18 or 19 months.

Several deaths have occurred, on bridges for which money has been budgeted for high onto two years. One the bridges were promised and money set aside for them.

As this is written a phone message informs us of the death of Mr. Hudson, the third victim of the Lake Harbor bridge, where two persons lost their lives, due to a one way bridge, replacement for which money has been budgeted some 18 or 19 months.

You try to find out why they haven't been built and you'll become a listener to more excuses than you dream could be substituted.

The Glades will continue to get such treatment as long as it stands for it and not one bit longer.

If Glades citizens are willing to sit complacently by until nature takes its course, then we will most likely have a few more deaths until the political mills grind their respective ways.

If I were a public official, I believe something would "give" before I could enjoy a night's sleep.

The stretch of road west of Loxahatchee has been a danger spot since it was built, numerous wrecks having occurred due to faulty road construction. Thousands of dollars in property damage have been sustained. Criminal negligence is recognized in the law!

## Corn As Roasting Ears, Grits, Cornbread, Cattle And Poultry Feeds Seen

Expansion Of Glades Opportunities Becomes Discussed Locally

That's the gold in them thar hills! This week the town has buzzed with talk about corn. Sweet corn, field corn, table corn, feed corn, to grow it. Where to store it. Where to sell it.

Farmers, cattlemen, millers, processors, are hatching plans and making statements. "Turn field corn from a catching crop into a cash crop," one of them said.

Field corn, which heretofore has been grown as a windbreak, a produce that it is willing to build driers and storage facilities here, if necessary.

And if storage is a problem, the Department of Agriculture's Production and Marketing Administration will lend eligible borrowers money to build storage facilities for corn, among other grains.

South Bay Grains has drying facilities, but no storage. But the Rice Company already building rice driers and storage facilities that can also be used for drying and storing corn.

Dr. Victor E. Green and F. Stevenson of the Everglades (Continued on Page Four)

## New Legion Club Room Ready For Opening Tomorrow

The new American Legion clubroom will open on Saturday, August 9, and the following Saturday, August 16, will be "open house" for visitors. It was announced at Tuesday evening's meeting of Everglades Post 20, meeting at the Legion Hall, Commander Jack Raskley, speaking in the absence of clubroom chairman J. B. Jones, said that the clubroom would be exclusively for the use of Legionnaires, the Auxiliary, and their out-of-town guests.

Commander Raskley also gave the meeting an account of the Florida Department convention at Tallahassee from July 31 to August 3 at which the outstanding speaker was governor-elect Dan McCarry, whose flaming speech against corruption in office, highlighted the closing session of the convention.

Commander Raskley also asked a tribute of respect for the late elected Francis E. Brigham, 60-year-old citrus grower from Winter Haven, who was elected state commander at the convention.

(Continued on Page 2)

## VACATIONAL BIBLE SCHOOL AT CHURCH OF CHRIST

Next Monday a vacation Bible school will open at the local Church of Christ. The school will run for two weeks, Monday through Friday, with concluding exercises on the last day for the parents. The school will teach the primary, junior and intermediate age groups. The program to include Bible study, scrapbooks for hospital children, and arts and crafts. Refreshments will be served each morning.

Mrs. P. P. Brook, Jr. and Mrs. J. A. Throckmold are the primary classes; Mrs. Harvey Matthews will be in charge of the junior and intermediate groups. Mrs. J. A. Throckmold will teach the primary classes; Mrs. Harvey Matthews will be in charge of the junior and intermediate groups.

An invitation is extended to all who are in the Belle Glades Chosen area.

## Cut Cable Again Disrupts Glades Phone Service

On Tuesday afternoon at 4:50 o'clock, the telephone service in the Glades area went dead.

Two men, who say they thought they had found an abandoned telephone cable, found a cable which they wanted to sell for junk, were responsible for the interruption.

The bullet entered the head about one inch below the right eye, and lodged near the base of the skull. An autopsy is scheduled to be performed Thursday afternoon to locate the bullet.

Prutt, who was kept overnight in jail here, was taken into West Palm Beach by Deputy O'Connell.

Prutt, well known in the Negro section, has also been known here as bartender at the Elks Club. According to officials at the Glades State Prison Farm, he served a number of years here of a previous life sentence for murder, but was paroled some years ago for good conduct in prison.

## Monday's Cattle Sale Lower Than In Recent Weeks

Only 379 cattle were auctioned off in Monday's sale at the Glades Livestock Market. The total in recent weeks has been much higher. Monday's cattle brought in \$159,775.

Monday's prices were as follows: Slaughter Cattle—Steers 11.25-12.25; Cows 10.00-11.00; Calves 10.00-11.00; Heifers 10.00-11.00; Bulls 10.00-11.00; Cows 10.00-11.00; Calves 10.00-11.00; Heifers 10.00-11.00; Bulls 10.00-11.00.

Stock Cattle—Steers 11.25-12.25; Cows 10.00-11.00; Calves 10.00-11.00; Heifers 10.00-11.00; Bulls 10.00-11.00; Cows 10.00-11.00; Calves 10.00-11.00; Heifers 10.00-11.00; Bulls 10.00-11.00.

Superior—Cattle 10.25-12.25; Cows 10.00-11.00; Calves 10.00-11.00; Heifers 10.00-11.00; Bulls 10.00-11.00; Cows 10.00-11.00; Calves 10.00-11.00; Heifers 10.00-11.00; Bulls 10.00-11.00.

Superior—Cattle 10.25-12.25; Cows 10.00-11.00; Calves 10.00-11.00; Heifers 10.00-11.00; Bulls 10.00-11.00; Cows 10.00-11.00; Calves 10.00-11.00; Heifers 10.00-11.00; Bulls 10.00-11.00.

## Pruitt & Pistols

STILL IN THE NEWS THIS TIME "MURDER"

William Prutt, himself mysteriously shot, just seven weeks ago tonight in a little room over the Harlem Bar, is today in the County Jail at West Palm Beach, charged with the murder of the woman who called herself his wife.

Artie Mae Lesary, known as "Mrs. Prutt" was fatally shot on Tuesday evening, and died Thursday morning at 8:45 in Belle Glade Memorial Hospital. Before she died, she is reported to have told two law enforcement officers that Prutt shot her in an argument about clothes.

Prutt maintains that the woman accidentally shot herself while a Stevens bolt action pump rifle.

Police give the following account: At 7 p. m. Tuesday, Negro police officer Oscar Davis was visiting in the house next door to the apartment at 908 S.W. Avenue D, when he heard a piercing scream. Rushing into the room of the Prutt apartment, he found Mrs. Prutt lying in the corner, unconscious, and bleeding from a head wound while Prutt sat on the sofa holding a rifle across his lap.

Prutt, who was kept overnight in jail here, was taken into West Palm Beach by Deputy O'Connell.

Prutt, well known in the Negro section, has also been known here as bartender at the Elks Club. According to officials at the Glades State Prison Farm, he served a number of years here of a previous life sentence for murder, but was paroled some years ago for good conduct in prison.

Monday's cattle brought in \$159,775. Monday's prices were as follows: Slaughter Cattle—Steers 11.25-12.25; Cows 10.00-11.00; Calves 10.00-11.00; Heifers 10.00-11.00; Bulls 10.00-11.00; Cows 10.00-11.00; Calves 10.00-11.00; Heifers 10.00-11.00; Bulls 10.00-11.00.

Stock Cattle—Steers 11.25-12.25; Cows 10.00-11.00; Calves 10.00-11.00; Heifers 10.00-11.00; Bulls 10.00-11.00; Cows 10.00-11.00; Calves 10.00-11.00; Heifers 10.00-11.00; Bulls 10.00-11.00.

## Over \$3 Million Assets To Credit Of Savings & Loan

The Directors of the Everglades Federal Savings and Loan Association at their regular semi-monthly meeting on Tuesday, dealt with the largest number of loan applications ever to be considered by them at one time in their history, according to Hugh J. Bratley, secretary of the association.

Pointing with pride to the association's growth and its share in a community development through housing loans, Mr. Bratley said, "It certainly gives us a sense of accomplishment to have been impossible without our loans."

The association, now nearing the end of its second decade, has grown enormously since its early days, and has built numerous families to secure a home or combination home and business building in the area.

It now has assets of over \$3 million, a powerful contract to its young room of the Prutt apartment, he found Mrs. Prutt lying in the corner, unconscious, and bleeding from a head wound while Prutt sat on the sofa holding a rifle across his lap.

Prutt, who was kept overnight in jail here, was taken into West Palm Beach by Deputy O'Connell.

## Slick Roads, Recklessness Cause Wrecks

There was a high toll of accidents in and around the Glades this week, with one wreck Saturday near Loxahatchee, two on Sunday in almost the same spot, four wrecks Monday, two south of South Bay, and one near Canal Point, a minor scrap at Belle Glade bridge on Monday, and a weird accident Sunday at Sand Cut.

In Saturday's accident, three drivers were injured, two of them critically, when their car skidded on the wet, slippery pavement and turned over 3 1/2 times, west of Loxahatchee, Joseph Roslyn, Jr., driver, and Richard Schmidt, both of Patrick Air Force Base at Cocoa, were admitted to St. Mary's Hospital, while Bettenger, less seriously hurt, was treated and then taken to the Pine Castle AFB infirmary.

In the same stretch of road next day, during a rain squall, Joseph Tejero of Miami was badly injured when his car skidded and overturned, and a passenger, was unhurt. Passing motorists stopped to help the scene of the accident, lifted the car off Tejero, who was taken to St. Mary's Hospital.

Shortly after this accident, a second crash occurred in the same spot when a car, driven by Virgil Wilson of Miami, skidded and overturned. Wilson, his wife, and their five children were badly shaken, but fortunately not seriously hurt.

On Monday, 10 miles South of South Bay, four Negroes in (Continued on Page Four)

## FLORIDA PRESS ASSOCIATION

**A RIGHT AND A DUTY**  
The Non-Partisan Citizens' Nationality Get-Out-The-Vote Committee has come up with a catchy and excellent slogan this year. It is "Vote As You Please—But Please Vote."  
The coming election is of tremendous importance — it will determine the fate of this nation which will take in domestic and foreign policy. On both sides, the candidates, their managers, and their parties have promised driving, fighting campaigns. Far-reaching and opposed philosophies of government are the real stake in this election. It will be a tragedy if the decision is made, as in the past, by a minority of our people.  
Over the centuries, rivers of blood have been shed in the fight for the right of franchise—the right to a secret ballot. For this is the first and the last defense of democracy. Without the right to vote as conscience and mind dictate, men are slaves — the servants of ruthless masters whose powers know no limit.  
We have that right—yet it is common in this country for half or less of the eligible voters to go to the polling booth on election day. One vote doesn't matter, they say. Yet a bare handful of votes can determine crucial contests—as recently as 1940 a U. S. Senator was elected by a margin of just 20 votes in the huge state of Texas. And when the "my vote doesn't matter" attitude is held by millions of people, we have government by the minority, and no one can say that the will of the people is dominant.  
Vote As You Please—But Please Vote.

## BRAHMAN CATTLE WILL TOUR IN STYLE

Eleven head of prize cattle left Bartow this week aboard a 34-foot semi-trailer for a nine-week tour of Midwestern and Eastern fairs, destined to give thousands of Americans a first-hand glimpse of the humpbacked cattle from India.  
Under the sponsorship of the Eastern Brahman Association, the show string will represent some of the top herds in the country and will include individuals which have won blue ribbons time and again at the breed's fanciest shows.  
The big trailer was joined at Ocala by two more truckloads of cattle from the ranches of Norris Cattle Company, Ocala, Harry O. Parlin & Sons, Kissimmee, and Polk Brahman Farms, Winter Haven. First exhibit will be at the Illinois State Fair in Springfield, August 8-17.  
Lowell Holley, Bartow youth who has handled cattle for the W. H. Stuart herd in Bartow for several years, will be in charge of the association's exhibit, and representative of the American Brahman Breeders' Association will accompany the caravan.  
Among those whose animals

were found worthy of inclusion in the "tour" are A. Duda & Sons, Cocoa; L. S. Harris, Kissimmee; L. E. Fugle, Deland; W. H. Stuart, Bartow; John G. Renshaw, Bartow; Odie Cowart, Center Hill; United States Sugar Corporation, Clewiston; Duranance Ranch, Brighton; Partin, Norris and Polk Brahman Farms.  
From the Illinois fair, the three loads of cattle will be taken to the Ohio State Fair, Columbus, Aug. 22-29, after which the association's eleven-herd team will continue to the Kentucky State Fair, Sept. 5-13, into the Danbury (Conn.) Fair, Sept. 27-Oct. 5. President Eugene Griffin of Bartow declared that the mounting interest in Brahman cattle throughout the Midwest and East dates back to the record sold winter of 1950 when Brahman in Iowa, Ohio, Indiana and even in Southern Ontario, withstood the coldest weather in modern history.  
"Our association is receiving more inquiries from those northern states than from any other section in the country," Griffin said. "To take these cattle on a tour of the Northern shows seems to be a very fitting answer to this unusual increase."

From where I sit... by Joe Marsh

Well, What Do You Know?

Do you believe in a bunch of old tales about lightning—about how it's attracted by cats or the warms of cattle... how it never strikes in the same place twice... or how it's liable to turn milk sour? Lots of people often do—but they're wrong. Dad Hawkins inspired this story when, today, he's really studied up on lightning since his own cow was struck that time.  
"Trouble is, most of us don't know half enough about the subject," Dad says. "And about half of what we do know is false!"

From where I sit, Dad's statement applies to a lot of things besides lightning. Too many people think they know their neighbor's wrong when he votes for his candidate instead of theirs. Some people even resent our right to enjoy life when we choose. Options based on misinformation and prejudice, instead of being based on facts, can cause more damage than lightning ever.

Joe Marsh

## LOCAL MEN START SHORTS FASHION

According to John Harris, the fashion in men's clothes during the big Cypress Swamp is about and shorter trousers, affecting the new length are W. R. Dickinson, whose knee-length shorts are allegedly of nylon cord, and "Happy" Sabatello, who interjects some a somewhat shorter variety of the pants which the British have long worn in tropic climes. Rumor has it that the adherents of the shorter trousers for Sunday or camp wear, are R. W. Griffin and Victor Riedel. Up to now, the rumor remains unsubstantiated. In response to queries by this reporter as to whether they did or did not wear shorts, Dickinson and Sabatello said, "Yes. Why not?" We could think of no adequate reply.

## USMC OFFICER TRAINING IN FULL SWING

Technical Sergeant Bud Devere, Marine Corps Recruiter from West Palm Beach, announced that the 1952 summer officers' training program is now in full swing at several Marine Corps Bases.  
These young men and women will become well indoctrinated in military tactics, leadership and many other interesting subjects during their training. A special feature concerning the officer training program is that it requires no previous academic work with no interference with campus studies or activities.  
Sgt. Devere, who visits Belle Glade every Friday at the Post Office, has complete information on how to, as college students, may apply for the 1952 class. His office hours are from 9 a. m. to 12 noon.

## TAXES, TAXES, AND TAXES

The South Bay City Council has set Tuesday, August 12 at 8 o'clock as the date when they will sit as a Board of Equalization to hear any complaints or grievances of property owners on the valuation set on their property in the 1952 tax roll which is in complete and available at the City Hall for inspection by property owners.  
A lot of delinquent taxes for the year 1951 is now complete and on file at the City Hall. The annual tax sale has been set for Tuesday, September 2 at 12 o'clock from the front door of the City Hall. Delinquent tax payers may avoid having their property sold by paying the taxes together with the advertising costs before noon on the day of the sale.

## NEW LEGION CLUB

(Continued from Page 1)  
tion on Sunday, and who died while on route to the cemetery. Chabrom Built Entirely by Legionnaires and Auxiliary.  
An inspection Wednesday of the new hall room revealed it spacious to the extent of 25' by 50' and tastefully decorated. Its walls are painted green in the floor of green marbled asphalt tile. Harmonizing patterned curtains hang under dark green valances at the windows, which are shaded by white Venetian blinds with pale green bands. Long-bar white, a smattering of tables and chairs, a juke box, and a shuffleboard table complete the outfitting, which J. B. Jones says cost a total of only \$1,500, of which \$500 was contributed by the Auxiliary.  
All the necessary work on the clubhouse was carried out by the Legionnaires and their wives, who started about the middle of May to realize their ambition for a clubroom at one end of the Legion Hall. The result is truly a labor of love.  
Hours for the new clubroom will be from 2:30 p. m. 'til 7 (7) on Saturdays, and from 4 p. m. to midnight on other days. Both Jones and Rashley emphasize that the use of the clubroom is free in keeping with practices governing the most exclusive club. The door will be kept locked at all times, and only Legionnaires and Auxiliary members will have keys. No unauthorized persons will be admitted to enter.  
Great plans are being laid for the formal opening tomorrow, and for the open house, which is expected to attract many visitors on August 16. At the open house, free beer will be served.

## NAZARENE CHURCH TO HOLD REVIVAL CAMPAIGN

The Nazarene Church will start revival services on Tuesday, August 12, and continue them through August 24, according to Rev. P. E. Nelson, pastor. "The services will begin each evening at 8 p. m. at the Nazarene Theatre Building, and will be conducted by Rev. D. R. Silverman, visiting evangelist of Hastings, Michigan, and Rev. M. Nelson.

## LOCAL CHURCH HOST TO S. F. LA. CHURCHES

Next Sunday the local Church of Christ will play host to the Churches of Christ of South Florida. Representatives are expected from St. Cloud, Vero Beach, West Palm Beach, Ft. Myers, Hialeah, Lake Wales, Opa-locka and the six Miami and Miami Beach. A potluck dinner will be served at the Municipal Park, 2:00 p. m., after which the service at the church will be enjoyed, with a missionary, from Cuba speaking of his work.

## WOMAN TO MAKE STETSON COMMENCEMENT ADDRESS

Stetson's first woman commencement speaker is scheduled to deliver the commencement address at exercises to be held tonight at 8 p. m., at the Stover Little Theatre.

The speaker will be Miss Emily K. Landell, president of the Woman's Missionary Union Training School, Louisville, Ky. About 71 students are expected to graduate, of whom 26 will be candidates for master of arts degrees, 5 for bachelor of law, 9 for bachelor of science in business administration, 1 bachelor of music, 1 bachelor of science, and 29 bachelor of arts degrees. Born in Hephzibah, Ga., Miss Landell is the daughter of R. Kilpatrick and R. Addison Landell. Her father was founder of Bluefield College, Bluefield, W. Va.

Beginning her career as a teacher of music, Miss Landell is high school, Miss Landell is later connected with Campbell College in the department of the University of Shanghai, China, while under appointment of the Baptist Foreign Mission Board.

Cigarettes are treated with sodium nitrate, a very inflammable chemical, to make them burn. The chemical makes lighted cigarettes dangerous to the "fine fire property" of the state. Be sure that your cigarette is out before you throw it away.

## BIRTH ANNOUNCEMENTS

Mr. and Mrs. R. T. Weeks announce the birth of a son, Roland Gary, on July 29, at St. Mary's Hospital. Mrs. Weeks was formerly Miss Emogene Greenwood.  
Mr. and Mrs. Urban Felting announce the birth of a daughter, on August 2, at Everglades Hospital, Pahokee. This is their third daughter and fourth child. The baby weighed 8 lb. 7 oz. and was named Arlene Dorothy.

# Social Happenings

Mr. and Mrs. Austin Richmond returned Tuesday from a two weeks' vacation tour of West Virginia, Michigan, Ohio and Virginia, where they visited relatives. Returning with them was Mrs. Corrie Arthur, mother of Mrs. Charles Lane, who will visit her daughter here.

Rev. P. E. Nelson, pastor of the Nazarene Church, this week is attending a family reunion at Burns, Tennessee.

Mrs. Simola Mason, and children Rosemary (Sally) and Sally Rose are spending the summer months with her mother, Mrs. Sophia Michelson in New Bedford, Massachusetts.

Mrs. Carlena Dickinson has returned to her home in Madison, Florida, after a month's visit with her son and daughter-in-law here. Mr. and Mrs. W. R. Dickinson.

DeWitt Drea, son of Mr. and Mrs. "Shorty" Drea, is recuperating at his home after a siege of illness in the Belle Glade Memorial Hospital.

Mr. and Mrs. Ivan Van Horn recently visited Orlando, where Mrs. Van Horn helped in the judging of the Hibiscus Show.

Mr. and Mrs. Harry Peters spent the weekend in Key West.

Mr. and Mrs. Herbert Beck spent the weekend in their camp on Loxahatchee River. They were recent guests of Mrs. Charles Watson in West Palm Beach. Mr. and Mrs. Charles Beck were house guests at the camp.

Mrs. Cliff Greene, Mrs. Arthur Kirchman and children, have taken a cottage at Ft. Myers Beach. Mr. Greene and Mr. Kirchman will commute on weekends.

Mr. and Mrs. T. E. Hollingsworth have at their house guest the latter's father, Harry Carlton of Noxap, Fla.

Mrs. Lloyd Clanton has returned from a trip to New York City. She accompanied Mrs. Robert Neville, who met her husband, Mr. Sitt. Neville just returned from a year's service in Iceland. The Nevilles continued on to Massachusetts where he will be stationed. Mrs. Clanton, accompanied by Mrs. George Watkins of West Palm Beach, returned to Florida via train.

Word has been received of the birth of a daughter to Mr. and Mrs. Edward Strong in Winter Park last Saturday, August 2nd. Mrs. Strong will be remembered as Miss Edith Bregger, daughter of Dr. and Mrs. Thomas Bregger at the Everglades Experiment Station. Mrs. Bregger left Thursday to be with her daughter on this happy occasion.

Mr. and Mrs. W. S. Ingram and family are visiting relatives in Alabama.

Mr. and Mrs. R. S. Kent have returned from a motor trip through several northern states. They spent some time in Hendersonville, N. C., accompanied by their son, Bobby. When they left for the North, Bobby returned to their home here.

Mr. and Mrs. Warren Thomas have returned to their home in Jacksonville after visiting Mrs. Thomas' parents, Mr. and Mrs. H. E. Jones here.

was forced to swerve to avoid hitting the truck. As he swerved, Mr. Friend collided with the right front fender of the Strode car which was attempting to pass, and the Strode car wheel, Mr. Strode and his mother-in-law were treated at Everglades Memorial Hospital. The truck driver, E. E. Parker of Miami, was charged with reckless driving causing an accident.

In Belle Glade Monday at the intersection of Avenue A and Main Street, a minor accident happened when Edwin Hecht, Orlando salesman, stopped his 1951 Buick at the stoplight, and a second car minor over the bridge, a 1952 Cadillac driven by Martin Weld, Hollywood architect, and the car hit the pavement and banged into Hecht's rear bumper.

On Tuesday evening at Sand Cut, Fr. Matthew Charles Herlon and Fr. Thomas Larkin, both were hurt when their car overturned. According to Col. Dugger, who investigated the accident, the two priests were traveling south on SR 16 at Sand Cut. Fr. Herlon was driving, and Fr. Larkin was a passenger. The car was backing suddenly and fearing that the car was going off the road, Fr. Larkin grabbed the wheel. Fr. Herlon lost control of the car, which ran off the road and overturned several times. The driver suffered the loss of several teeth, and cut and abrasions about the face. Fr. Larkin suffered lacerations and bruises, which were treated at St. Mary's Hospital. The car was adjudged a total loss. Col. Dugger said there were no charges at this time.

## **WASHINGTON NEWS LETTER**

(Continued from Page One)

The total budget for all agencies for this year which began July 1, is \$72,000,000,000. President Truman had asked for some \$81,000,000,000 (billions) but the Congress reduced this by \$9,000,000,000.

Senator Holland and I, as well as the Florida members of the House, helped to bring this figure, even to the extent of reducing somewhat the military expansion program. Finally, the House cut the military budget by \$1,000,000,000.

The Department of Defense had asked for \$129,000,000,000 for the current year, but the House cut it to \$119,000,000,000.

The Department of Defense had asked for \$129,000,000,000 for the current year, but the House cut it to \$119,000,000,000.

The Department of Defense had asked for \$129,000,000,000 for the current year, but the House cut it to \$119,000,000,000.

ter that is insect control. Green and Stevenson are now preparing for early release of the former Miss Betty Hester, daughter of J. E. Hester, Lake Harbor. (Story on page 6 of this issue.)

## **SHORTAGE NOT BY DRYING FRUIT**

Frank Anderson of South Bay, whose "Peters Hand" brand of fruit has been a big success story since 1920, is now producing a day—mainly Big Joe, for cattle feed—says that his company's biggest season was year before last, when South Bay Grains handled about 80,000 bushels of corn. The late spring, plus diversions to sweet corn, and the fact that the company's field corn was only 2,500 bushels of field corn were dried. This year, they have handled only 600 bushels so far.

Anderson expresses the same view held by Experiment Station experts that "The trouble has been that corn plantings have been for windbreaks, with very little cultivation and very little extra fertilizer."

Anderson says, "The problem has been to find a variety of field corn suitable for the area. Only a few years ago farmers grew white field corn for roasting ears, but they had to go on to sweet corn varieties. For white milking, we have been handling only a few varieties, and so on. They have found Big Joe, the mixed field corn, and therefore raising it."

## The Gardener's Corner

**Day Lilies**  
by Ruth Hopson

Lilies have long been known as "Garden Aristocrats," and surely their splendid richly deserved name; for there is no other subject that adds so much beauty and dignified glory to a garden.

There are many plants that resemble lilies but are not of the genus *Lilium*, and many that are commonly called lily malagany. Gardeners are

that do not even belong to the lily family. Among these is the Day Lily.

No other herbaceous perennial is so well adapted to Florida gardens as the Day Lilies. They are hardy and have a long blooming period; and their brilliant coloring and resistance to pests and diseases make them popular throughout the State of Florida. They thrive in the light sands of Central Florida, the red clay of the western part of the State, as well as the limestone rock of the peninsula's tip. The colors of the Day Lilies range from light yellow to the deeper, richer yellow and orange, to red-purple and beautiful, many-faceted malagany. Gardeners are

now trying to produce a Day Lily that will last longer than a day.

Day Lilies require so little attention and are so easily grown that the amateur will find great satisfaction in including them in her garden. The Day Lily, planted in front of tall foundation plants, is very colorful, and give accent notes to the garden when a few clumps are planted at intervals in the flower beds. For borders, it would be better to use the dwarf or semi-dwarf, while the taller varieties would be more suitable to use with taller foundation plants.

The long rope-like roots penetrate through an unusually large mass of soil; the ability of these roots to store water against unfavorable seasons and their acceptance of high soil temperature are in large part responsible for the success of this garden favorite.

Day Lilies may be transplanted at any time of the year, but best results are obtained by dividing the clumps after they bloom.

Lift the heavy clumps and shake off the heavy dirt and you will see that the clump will divide into units all having roots, leaves, and buds. Take each unit and carefully plant at the same level as before moving. When planting in the mud, it is wise to add sand to the bed before planting. After plant the roots and then soak the entire bed.

## Come in and see THE NEW SNAPPIN' TURTLE

SELF-PROPELLED ROTARY LAWN MOWER

DON'T PUSH...  
JUST GUIDE  
IT GLIDES!  
IT'S TOPS  
IN MOWERS!

Check these features before you buy!

- Self-Propelled—No pushing
- Finger-Tip start—stop—reverse
- NO WHEELS... Guides on Roller and Skipper. Can't easily high place on lawn.
- Cuts high weeds and grass.
- Trims within one inch of walls, etc., eliminates tire-tread damage
- Patented grass—no raking.
- Ideal for every type lawn.
- One person can mow a half acre... The Safest Mower.

## Activities of Glades Scouts

Report of Troop No. 1

Senior Girl Scouts were unable to have a troop last year because they did not have a leader. Therefore Troop No. 1 consisted of all older Girl Scouts, age 15 and up, making an extremely mixed group of girls. Because of age range, stages of work and wide range of interests, Leader "Pat" McCormick has found it necessary to divide the troop, making two groups within the troop. Two temporary assistant leaders are needed for this troop to help keep them active the rest of the summer. Won't someone volunteer? Call Mrs. A. B. McCormick—2851.

In dividing the troop, a new slate of officers was necessary. Therefore, beginning August 1, officers are as follows with changes to be made as necessary:

Chairman—Jean Rives; Secretary—Betty Seale; Treasurer—Yelma Warren. Patrol Leader No. 1—Kay Rives (older girls); Patrol Leader No. 2—Mary Lou Whalen (15-year-olds); Bagley—Yvonne McGarr; Song Leader—Betty Jane McDonald; Librarian—Shelby Spikes; First Aid Aide—Shelby Clements; Color Bearers—Doris Hart and Bessie Martin; Color Guard—Mary Frances Elder and Carol Neil Van Landingham.

For economy, the older girls will wear the alternate uniform of white blouses and green skirt, which they may still use when they advance to Senior Scouts. Since many of the 15-year-olds already have the regulation intermediate uniform, they will continue to wear it until they become Seniors, or if replacement is necessary, they may purchase the alternate uniform.

All girls of the troop will wear yellow tie and brown shoes.

**HOW SCOUTING BEGAN**  
Scouting first began in 1908 when Lord Baden-Powell, having found that the soldiers under his command during the Boer War were unprepared to lead a vigorous life in the open, decided to start a program for boys which would teach them about the out-of-doors. Upon his return to England, he wrote some of the out-of-doors games which he had used to train his soldiers and used these games as the basis of a program in boy scouting.

Eligible survivors of deceased veterans who died after leaving service after June 25, 1950 with war service, "landed alone," may file claim for amount due. Wife, husband, child or parent in that order, are eligible for payment.

Application forms are available upon request to the local Veterans' Service Office or the State Service Office, P. O. Box 1437, St. Petersburg.

**SOUTH BAY CIVIC CLUBS SPONSOR SOFTBALL**

Under the sponsorship of the South Bay Lions Club, assisted by the American Legion and other civic organizations, eight vacant lots in South Bay have been cleared, leveled, and graded for a softball diamond and a recreation park. The Lions Club at their recent summer session at the American Legion Hall, made plans for the installation of the softball diamond, and the diamond in the rear of the school. Donations for the lights have also been received from private individuals, and poles were set up last Friday for the installation of the lights.

The men's team defeated Belle Glade's team here Friday by a score of 19 to 7. The Belle Glade team, captained by Miss Dolly Rutledge, was handicapped by the absence of some of their team members. Several South Bay women volunteered to fill the vacant positions in the teaming team.

Phillip McLeod is the manager of the women's team.

by known for the services they performed during World War I. After this time the uniform became the khaki one many of us remember.

Now, Girl Scouts are 40 years old in this country, and are celebrated birthday on this past March 18. There are over one million members in this country alone; they are everywhere, in the city and in the country, in schools, churches and even in hospitals. The program is now divided into three levels—Brownie Scouts, in brown uniforms for girls 7 to 10 years of age; Intermediate Scouts, in smart green uniforms for girls 10 to 14, and Senior Scouts for girls from 14 to 17. The requirements within the program levels have been changed as the need was seen to keep the program up to date and of continuing interest to the girls. The senior level is a specialized one, and may be Marine scouting, Wing scouting, Community Service, or any other of the many possibilities, each group wearing a uniform suitable to their specialty.

Girl Scouting and Girl Guiding is a world-wide program, and girls of other countries is encouraged, with International Encampments for older girls in the area of South Carolina, North Carolina, Georgia, Florida and Alabama, are especially privileged to our country by the name of our founder, the Juliette Low re-

**FEWER BABIES DIE**

**SAVE HEALTH BOARD**

Florida has made notable progress in reducing its infant death rate, but there is still a long way to go before the number of babies who succumb during their first year of life is pushed to its irreducible minimum, says the Florida State Board of Health.

Cooperation between hospitals and public health workers has helped to achieve this reduction, but the rate still continues to lower the rate still further, in the opinion of Dr. James L. Dillard, Jr., acting director of the state health agency's Bureau of Maternal and Child Health. "Since 1924, when Florida's infant mortality rate per 1,000 live births was 68.1, notable improvement has been shown," Dr. Dillard stated.

"For instance, during 1951, the infant mortality rate for the first year of life was 33.1, less than half what it was 18 years ago."

Encouraging as that is, the fact still remains that Florida is still lagging slightly behind the rate of 28.8 for the entire United States. We certainly cannot be satisfied as long as the national average as far as infant mortality rates are concerned.

"We might point out, however, that our mortality rate of 33.1 for white infants is slightly better than the average for the nation as a whole. A substantially higher infant death rate of 45.4 for negroes runs our state average more than four points higher than the national average."

"The Negro infant death rate has been cut during the past years since 1934, but it still remains significantly higher than the average for white infants."

Factors contributing to the decline in Florida's infant mortality rates include the formation of special maternal and infant care committees by the Florida Medical Association and by several of the county medical societies; increased care by private physicians; and the establishment of a premature infant department at Jackson Memorial Hospital in Miami, which operates as a service agency for south Florida and a training project for the whole state; extension of the public health program, which now covers all but two of the state's 67 counties; the postgraduate training of doctor-nurse "teams" in the care of the prematurely born; and the improvement and extension of services provided by Florida's hospitals and physicians.

**WORDS TO THE WISE**

**FROM SAFETY COUNCIL**

The faster you go, the harder you hit! Excessive speed was a factor in 33 percent of the nation's 37,390 motor vehicle deaths last year, according to "Accidents Facts," the National Safety Council's statistical yearbook, just off the press.

Twenty-eight percent of the drivers involved in these accidents were reported violating some speed regulation. Fourteen percent exceeded the state speed limit, 5 percent exceeded safe speeds without a valid excuse, and 9 percent violated safe speeds in areas where there was no stated limit.

## J. D. GREY TO SPEAK ON BAPTIST HOUR

Dr. J. D. Grey, pastor of First Baptist Church, New Orleans, and president of the Southern Baptist Convention, will speak on the nationwide Baptist Hour broadcasts during July, August, and September. His theme will be "Questions That Count." This series may be heard over WSWN every Sunday morning at 9:30 o'clock.

Dr. Grey's subjects for the next three Sundays will be "God's Recipe for Peace," Aug. 10; "Whom Do You Choose?" Aug. 17; and "What Do You Need Most?" Aug. 24.

Dr. Grey is a native of Kentucky, graduated from Union University, Jackson, Tennessee, with an AB degree in 1928. He received the BD degree from Western Seminary, Fort Worth, Texas in 1931, has since been honored with a D.D. degree from Union University and an L.D. degree from Louisiana College.

His pastorate have included First Baptist Church, Ennis, Texas; First Baptist Church, Denton, Texas, and First Baptist Church, New Orleans, where he has been since May 1, 1937. Music for these programs will be supplied as usual by the Baptist Hour choir with John D. Hoffman, director, Frank Baggins, soloist, and Miss Frances Schum, organist.

**TIN BOAT UPENDS HURTING NOTHING BUT PRIDE**

The canal at Solite Corbin's docks was the scene of another miniature drama played last Sunday by Joe Friedheim, Jr., Jerry Brent, and Joe Cherry. Props were a pair of water skis, a tin boat, an outboard motor, and a second rescue boat.

Jerry Brent, piloting a tin boat belonging to Floyd Reeves, was preparing to give Joe Friedheim, on water skis, a ride across the canal, but when the boat's Buccanear engine roared into life, the weight of water skis plus Friedheim proved too much for the frail tin craft. It upended its nose, gurgled, swamped Jerry and prepared to sink rapidly. However, an air pocket at the covered bow prevented the boat's capsizing, altogether and at once; and

Joe Cherry, piloting a tin boat belonging to Floyd Reeves, was preparing to give Joe Friedheim, on water skis, a ride across the canal, but when the boat's Buccanear engine roared into life, the weight of water skis plus Friedheim proved too much for the frail tin craft. It upended its nose, gurgled, swamped Jerry and prepared to sink rapidly. However, an air pocket at the covered bow prevented the boat's capsizing, altogether and at once; and

meanwhile, Joe Cherry, in Fritz Stein's boat, made a heroic rescue of Brent's boat, and engine. According to Joe Friedheim, the tin boat had previously been

equal to the task of towing a water-skier; but apparently this time it was too tired. Nobody was hurt.
